

## 2009 YOUTH REPORT

The bad news about the High Twelve support of our Masonic Youth is that over half of the High Twelve Clubs DO NOT CONTRIBUTE to the Wolcott Foundation! The Wolcott Foundation is the International High Twelve Youth Project! It seems that many of our High Twelve Brothers choose to ignore The Little Red School House and what it supports, or they do not know about their Wolcott Program. If you need Wolcott material or would like to have an informational speaker at your Club meeting, call your neighborhood Wolcott Trustee for help.

The individual Clubs may and do support their own local youth support programs - well and good, and keep up the good work!

Several States have their unique Masonic Youth support programs, i.e., California's Ensign Mayo Educational Loan Fund, Missouri's Dad Land Scholarship program to name only two.

International High Twelve has the Wolcott Foundation to support.

Do you, as an individual attend a DeMolay Chapter, a Rainbow Assembly or a Job's Daughters Bethel? The young people await your visit if for no other reason than to boost their feeling that someone cares about them! If you attend for several meetings in a row, you will notice an interesting development - their Ritual Work will improve. Again, this is because someone cares, and not the least they have the opportunity to 'show off' for an audience - if you haven't noticed this about young people - where have you been?

Fraternally,

Malcolm S. White, Chairman  
Youth Committee
