# PRESIDENTS DAY

---

---

Washington's Birthday, also known as **Presidents' Day**, is a federal holiday held on the third Monday of February. The day honors presidents of the United States, including George Washington, the USA's first president.

**Congratulations** to our members and ladies, celebrating their Birthday, Anniversary or other Special Event in February. Don't forget to make a contribution to the Wolcott Foundation, celebrating your happy event or occasion! Some members donate \$1.00 or more for every year they have been married. Seems like a very nice gesture on their part and a great tribute to a Happy Marriage with that Special Person!

**International President: William H. Haynes, PSP, (PA)**

Communicating is perhaps the most important thing we in our lives. We let our family members know we love them. We organize agendas, write business documents and speak in meetings to get our points across.

It is important that we are able to communicate with each other in High Twelve. For instance, some State Associations do not send dates of their annual and semiannual meetings to the International Secretary so they can be

posted on the website. Many of us International officers would attend if we knew about them.

Additionally, look at the listing of State Associations officers on the High Twelve website. Are the names and addresses accurate? We have discovered that some are not.

The lack of information, like not knowing about meetings; or having inaccurate information, names and addresses stop communications. We have a tough time trying to reach everybody and it is frustrating to be thwarted in our communication attempts.

Please do your part by monitoring the website State Association listings and going into the member directory to assure your personal data is correct. Corrections need to be sent to be International Secretary.

Fellow High Twelvians, as we continue through the High Twelve Year I am pleased to have introduced the **Replace Myself with 1 Program** in an effort to stabilize and grow our membership. I am asking each member to look to the future and replace yourself. **For each NEW member YOU bring in this year High Twelve Year, YOU will receive the base lapel pin and one triangle pin.** For subsequent new members **YOU** will receive a triangle pin only. The Online Line Monthly Report has been updated, so your club Secretary can enter the recommended person's name. Pins will be sent out from the International Office. Members (**YOU**) are the life blood of any organization and **YOU** are our best sales person! Spread the news about **High Twelve!** I hope you are successful and wear these small tokens proudly! Fraternally, William Haynes.

#### **International 1st Vice President: Joseph Santisteban, PSP (IL)**

Last month, I attended our High Twelve International Mid-Year-Meeting in Las Vegas. It was a good meeting, but it would have been nicer, and more productive, if there had been more participants. As it turned out, I also represented Illinois and Ohio. You'll be receiving the entire meeting results shortly. An interesting, and totally unexpected, thing happened to me on the way back from finishing up my longest trip to date.

I had been visiting my family in Tucson and drove to Nashville to attend the National Sojourners Mid-Winter Convention. Then I returned to Tucson. The following week I headed up to Las Vegas for our High Twelve Mid-Year-Meeting. I was headed home and stopped for gas at a Loves outside Gretna, Nebraska. There was a Subway there, so I stopped to get some food.

There were three ladies working at the time. I placed my order then moved over to pay for it. I happened to be wearing my Vietnam-Desert Storm Veteran baseball cap. When I tried to hand the lady at the cash register my money, she asked me: Are you a *Vietnam* Veteran? I said, yes ma'am. She

then said, God Bless you, your lunch are on us. I was almost at a loss for words, but I think I said, Thank you, but you don't have to do this. The lady that had fixed my sandwich came over and said, Thank you. Lunch is on us!

For those of you who are Vietnam Vets, you know that receiving a Thank You for serving was rare. It's still something new to me. I admit that I was totally caught off-guard. Anyway, I ate my lunch and considered going back to the counter and leaving them a tip but decided to do something different. When I got back home, I sent an email to Subway Corporate, explaining my experience and thanking them for employing people like the ladies I had interacted with. I added that I was now a customer for life. I also suggested that the ladies receive some kind of recognition for their attitude and approach.

Maybe I should add that when I'm on a trip, I try to stop at a Denny's or a Subway, depending on the time of day. For some reason, this time I bypassed a Denny's and stopped at a Subway. I'm glad I did. Just FYI – I'll be carrying that baseball cap in my car from now on. Until we meet again (at our Annual in June), stay safe, have fun, and watch out for one another. Joe Santisteban.

### **International 2nd Vice President: Jonathan Dilley, PSP (CA)**

At the 2018 Mid-Year-Meeting of the Governing Board of High Twelve International, we had a good time especially in Las Vegas as it provides the perfect setting for business and pleasure. During the business portion of our gathering, much was discussed concerning Clubs that for one reason or another have closed their doors and about Clubs that have formed and are excited about their future as they seek new Members and celebrate their Charters. Sadly, there was also talk about the States and the recent closure of the California State Association due to a general disinterest of local Club Members to increase their activity by becoming Officers in a State Line.

This has been a constant concern of mine as I have observed Local Clubs, State Associations and High Twelve International collectively and individually. What is it that we are seeking to accomplish at each of these levels and will those accomplishments strengthen our future as a result?

Personally, I feel that there needs to be a specific and collective purpose of each Club if it really wishes to survive and pass the test of time. For example, I shared the story of the time when I attended my home Red Buttons High Twelve Club in Huntington Beach, California last year during my 2nd term as State Association President. In my visit, someone captured a moment in a photo of me sitting with my wife and son and when I saw the photo published later online, I noticed an old black and white photo of Denny's Coffee Shop with a splash of color on the wall and with the Flag of the United States next to me on the table, it was a powerful snapshot of America.

Seeing myself sitting with my wife and child and the United States Flag and knowing the overall context of the photo and the company of those in the room with whom I shared this moment, I realized that a slice of America had been captured and it caused me to think further on the purpose of High Twelve and why we meet week after week and month after month. The answer came swift and strong to my heart as I acknowledge that High Twelve provides us the opportunity to sit with our Masonic Brothers, their friends, wives and families and share a true American moment together.

If you haven't felt the feeling of pride at a High Twelve meeting or sensed a desire to preserve American Values and Traditions, try again. Next time you are at a club meeting, look around the room and consider how you might create a truly powerful experience for others who might seek to feel the same.

Regardless of the feelings we feel each week or month as we attend our meetings, it is important that we have purpose and meaning behind why we are there. If any Club is lacking in purpose or a vision of how they can better the community in which they exist, I would challenge you to collectively decide what you wish for your High Twelve Club to be and what you desire for its overall goals. Do you stand for Patriotism? Do you stand in support of your Local Lodge and its vision?

Whatever your purpose might be, identify it and spread it to each member old and new as they arrive and inspire them to stand for something bigger than an

individual aspiration. Find a way to reignite the flame of purpose and carry it forward and I know we can strengthen the local clubs, the State Associations and International will witness this empowerment of renewal and High Twelve can be a great force of change in our Most Noble Fraternity. Fraternally,  
Jonathan Dilley

**International Secretary Kevin Hokerk-Robinson, PSP (AZ):**

In the Valley of the Sun Spring is in the air and so is the pollen, runny nose, itchy eyes...and the nice day of soaking rain on Wednesday will only make it better! Ha Ha!

I survived Mid-Year at Vegas, the drive up and back was quiet but the time in Vegas is extremely busy for me! It is always fun to meet old friends and make new ones. The meeting went well, nothing earth shattering but a discussion on what the roll of an association is took a bit of time. Michael Clark, WF Chairman, provided an update on the Wolcott Foundation and will have a set of bylaws for publication in the Spring High Twelvian which will be voted upon at the convention.

The annual EIN and principle officer validation has been completed and the HTI Group Exemption has been updated and mailed to the IRS on schedule. Those members who have been identified as the EIN contact for a club or association will be receiving an email from me in the near future.

Past due 2017-18 Per-Capita statements were mailed to 12 clubs on 2/14. If not paid by the opening of business at the International Convention in June these clubs will not have a vote.

Production of certificates, dues cards greeting cards, brochures, merchandise orders, etc. keeps me busy! paper and hardware items are available to seen and ordered on the HTI website by all.

The annual mailing of 2018 version of the address labels will be done this month by our vendor. This will be our major fundraiser this year as the pocket planners will not be mailed this coming fall. We understand the impact of the electronic world has made on these two fundraisers. The pocket planner barely broke even this year. So we are looking for a replacement and are open to suggestions!

I apologize to the membership for not getting the Fall High Twelvian into production but due to some oral surgery I had something had to give as I was just plain miserable. The deadline for the Spring Edition will be March 12, 2018 - all articles of interest need to be delivered by email, USMail or by hand by March 12, 2018. Anyone yes anyone can submit articles of interest, pictures are welcome just attached them to your email - please do not embed them into the article. Please use common sense when submitting a 'good' photo. I Will use Fall summit ted articles IF they are still timely.

## CA - San Geronio Pass High Twelve Club #761:

My name is Ivan Biceno. I am your January Junior Citizen of the Month from Montebello High School. I was raised in a minority Hispanic family that does not know about college as they were not afforded the opportunity to get an education. That is what makes it so important to them that I do.

I am then a first generation student who has always been strong minded. When I set myself to a goal, I do everything in my power to acquire it.

When I was born, I was diagnosed with Congenital Adrenal Hyperplasia and it has taken a toll on me, emotionally and physically. I wake up every day grateful for what I have. It takes a lot of motivation to continue. However, I have a brother born before me, with same problem, and he was not so lucky to be diagnosed and treated with the proper attention needed. (Pictured with student is Principal Helen Meltzer.)

I have worked hard to balance my school work with needs at home of other family members. Throughout my high school career I have been involved in, and held numerous leadership positions, in various school clubs. One that I am particularly proud of is serving in the Advance Mentor Program which allows me to help younger students who come from the same minority background. I want to guide them through this important part of their life.

I am able to now be more understanding of the people around me and not so quick to judge, patience is virtue. Upon graduation in June I hope to attend university and major in business. I thank M-W #323 and Montebello. High Twelve Club #422 for this honor!

## KS Association, Shawnee Mission High Twelve Club #329:

### **It's High Twelve and Nobody Came**

- So I got to the restaurant thirty minutes early one day, and found that I was the first one there.
- This was odd, usually the Secretary gets there pretty early, so I went into our room and sat down. I waved off our regular waitress, said I would just wait. And wait I did.

- Ten minutes, twenty minutes, thirty. I daydreamed that we would be creating new members in the next month. How we would be speaking at Grand Lodge, and how our members have been very active in their Lodges.
- Tempest fugeted, I fidgeted.
- I looked at my watch. Meeting time...Still no one there. I was concerned that something had happened.
- Then I did a slow burn. How DARE they cancel a meeting without telling me!
- I looked at my cell phone calendar.
- Turns out I was there a week early.

Mike Haxton, KS State President

**PA High Twelve Association: First Capital High Twelve Club #668:**

High Twelve members take notice our speaker featured in your February Newsletter, C. Kim Bracey former Mayor of York will not be available to speak at the February meeting as scheduled.

Current Mayor Michael Helfrich will be or speaker for the meeting. His topic will be the same The State of City. I am sure he will talk about the state of city today and I would think he will share some of his plans moving forward for the city of York. Hope to see you at the February 26th meeting. Fraternaly, Carl

**TX High Twelve Association:**

Congratulations to the newly installed Officers of High Twelve Tejas #685. Officers were installed by PP Don Guirido. President Earl B. Phillips; 1st Vice President Dan Coburn; 2nd Vice President Alfred T. Rapoza; Secretary/Chaplain Roger Hopkins; and Treasurer Dan Schauer.

Our next meeting will be held on February 10th from 9:00 - 11:00a.m. at The Golden Corral, located at 5071 NW Loop 410, San Antonio, Texas. Ifyou have any questions please contact me at [atr674@att.net](mailto:atr674@att.net). Fraternaly, Alfred T. Rapoza

**Tri-Cities High Twelve Club #700:**

Members were invited to visit The Downtown Columbus High Twelve Club #453, while in Ohio to attend a wedding of their grandson Albert, IV. Secretary Dr. Frank Wright surprised him with the Honorary Membership

Certificate while Brother Wiggers presented him in turn with a Club #700 Ball cap. The Columbus antiques presentation was most interesting and the few differences between clubs were discussed. Visitation between clubs is encouraged and leads to a better understanding o four differences.

### **FL High Twelve Association, High Twelve Club of Lake Worth No. 316:**

The Villages High Twelve Club continues to have great entertainment at their monthly meetings. The entertainment in February was Donna J. Fraley, Singer and entertainer. Her program included music from the fifties and country. Just what our members enjoy.

In March, we will have our own Chaplain Reverend Ted Nace talk about his career working with Dr. Norman Vincent Peale. Dr. Peale is the author of many books on Positive Thinking.

And then in April we will enjoy the pleasure of some good old Country and Oldies music brought to us by Johnny Ray, a celebrity from the local area.

If you are in Florida on the first Wednesday of any month and would like to visit our club, give Merv Harris a call. His email address and telephone number is listed on the first page of the Update.

### **CA - Oakland High Twelve Club #2:**

Oakland #2 got together for our regular meeting on January 22nd, and the speakers were Olympian Eddy Heart, co-author and Journalist and author David Newhouse, who together wrote a book titled Disqualified an account of the Munich, Germany Olympics. Eddy Heart was the fastest man alive at that time, expected to bring home gold in the 100 but was given the wrong starting time, so he missed the starting gun and was disqualified. The circumstances leading up to this incident was a really big deal at the time, of course all of this was overshadowed by the terrorist attack against the Israeli athletes for which this Olympics will always be remembered. Eddy did get a gold medal as a member of the 440 relay team (see picture below). Oakland High Twelve continues to get some real outstanding programs. If you ever get to Oakland on the 4th Monday of the month, come and join us for lunch at

noon. All Master Masons, visiting High Twelvians and their guests are always welcome.

## **THE WOLCOTT FOUNDATION INC.**

### **Monthly News**

**The Philanthropic Educational Foundation of High Twelve International**

***Providing Graduate Level Fellowships at  
George Washington University, Washington, DC***

### **The Real Purpose of the Wolcott Foundation Michael Clark, Chairman**

#### **The Wolcott Foundation is An Investment in the Future of Our Country.**

Each time you put money into the Little Red School House or make a contribution to the Wolcott Foundation, what is it that you are accomplishing?

The Wolcott Foundation has gained wide respect in the field of education for its work in providing Fellowship Grants at George Washington University (GWU). These prestigious Awards are greatly sought after by the incoming graduate students in International Business, Public Management and International Affairs at the University. Fellowships are restricted to only those students who exhibit outstanding scholastic achievement, social awareness and service, and high individual moral standards. All qualities we as Masons admire and respect.

So what is it that sets the Wolcott Foundation apart from any other Fellowship or Scholarship granting organization at George Washington University or any other university?

We are the oldest Fellowship granting organization providing funds for graduate level students at GWU. Each Award carries a responsibility for the recipient. Each person chosen as a Wolcott Fellow is required to enter into a legal contract with The Foundation agreeing that he or she shall serve in a non-political governmental department or agency, or in a position clearly benefiting our nation in international business for a period of four years. Otherwise the individual must repay The Foundation for the educational cost from which he or she has benefited.

The thrust of the Wolcott Fellowship Program is to bring to the brightest of young people with an interest in government service and international business, an opportunity to become our leaders of tomorrow. For this we proudly say,

**The Wolcott Foundation is An Investment in the Future of Our Country.**

So what is the real purpose of The Wolcott Foundation? It is not to promote Masonry, High Twelve or even the Foundation. However, the Wolcott Fellows are well aware that the money for their tuition comes from the Masonic Fraternity.

They learn from our conversations and publications, that High Twelve International and The Wolcott Foundation work together to raise the money required for each of them to obtain the opportunity to achieve their goals and dreams of public service to our country.

**No, the real purpose is shown below in the faces of some of the recipients of Wolcott Foundation Fellowships. These are the future leaders of our country in the many organizations within our federal, state, and local governments.**

**These are our future Ambassadors, Government Department Heads, and Government Representatives traveling throughout the world showing American leadership and managing programs that promote the good of the American people.**

**What is the real purpose of the Wolcott Foundation?**

**It is the education of those future leaders.**

**What better purpose could we as Masons support and promote!**

**Please contribute as much and as often as possible.**

---

**The Wolcott Trustees will be attending the Wolcott Fellows Selection Board Meeting in Washington, DC from March 8th through the 10th, 2018.**

The three days will be packed with meetings and functions with the past and current Fellows and faculty members at the University. We will be selecting a total of five Fellows this year and you can be assured that we have picked the finest and brightest young graduates for the Fellowships. Those selected have

a minimum of a 3.80 Grade Point Average and have spent a great deal of time as volunteers and gaining work related experiences.

Your donations have made this possible and we are now sharing the cost of the Grants with George Washington University. As our membership is down and collections far less than in the past, this will allow us to continue funding young people to attend GWU and make leaders possible in the Public Service areas. Thank you all for your support.

The Wolcott Foundation Chairman has contacted the Fellows in school and requested that they provide us an article for the Monthly Update. We have heard from several and he has followed up with those, who have not provide an article and we should have one in each issue of the Update monthly. This will provide our members with some idea where the graduates will be going in the future.

**Article by Megan Mattson, Wolcott Fellow Class of 2016:**

In the fall of 2018, I will become a Foreign Service Officer. To say I am excited and honored by this is an understatement. Three threads have carried me through my life – service, leadership, and exploration. This led me to the Foreign Service and a career in the public realm.

Growing up, my family moved about the U.S. I came to know my new homes and neighborhoods by volunteering. In Austin, Texas, I built gardens for people to have fresh produce. When I started school at the George Washington University, I joined a community service sorority. I don't simply want to give back in my career; for me, this is a necessity. At the same time, I have an inherent drive to be a leader. I love public speaking and motivating others through a vision. My last passion is exploring. At GW, I studied in Oman and Jordan. I go to new parts of the world without hesitation and I am always planning my next trip.

At GW, my dream was to intern for the State Department. I remember passing the Department on my runs to the National Mall, hoping I would one day be in. You can imagine my joy when I was accepted to intern at the Foreign Service Institute. I stayed on as a contract worker, helping with classes about Sub-Saharan Africa.

When I heard from the Foreign Service Officers in my classes, I was inspired to apply for the Pickering Fellowship. Now as a fellow, I am earning my Masters in Public Administration at GW and I will join the Foreign Service after I graduate. My career with the Department allows me to continue to weave those three threads of service, leadership, and exploration in a way no other career could, and I cannot wait to begin representing Americans abroad. Thank you – Megan.

Everyone seems to be in such a hurry to scream 'prejudice' these days...

A customer asked, In what aisle can I find the Polish sausage?

The clerk asks, Are you Polish?

The guy, clearly offended, says, Yes I am. But let me ask you something.

If I had asked for Italian sausage, would you ask me if I was Italian?

Or if I had asked for German Bratwurst, would you ask me if I was German?

Or if I asked for a kosher hot dog would you ask me if I was Jewish?

Or if I had asked for a Taco, would you ask if I was Mexican?

Or if I asked for some Whiskey, would you ask if I was Irish?

The clerk says, No, I probably wouldn't.

The guy says, Well then, because I asked for Polish sausage, why did you ask me if I'm Polish?

The clerk replied, Because you're in Ace Hardware.
